Re: ANDY PAPANICOLAOU DB April 6, 1982.

Dear Sirs.

I have known Mr. Papanicolaou for about 10 years working for my Clinic as an IT Technician. He proved himself most knowledgeable, responsible and effective in addressing our entire computer needs while we were implementing and maintaining a complex network for our electronic medical record.

He is extremely honest, serious in his work while upbeat and a pleasure to have around, effective in team work and trustworthy in dealing with delicate issues involving a medical psychiatric clinic always solution oriented.

He is competent professional and as valuable person.

I do recommend him and his services.

Sincerely,

Ernst - Christian Gauderer, MD
